Alcohol: 14% Vol.
Bottling: October 2023

2022 Harvest

From the 24th of August to the September 30th

2022 was one of the warmest and driest years in recorded history. Lack of rainfall, throughout the growing season, in winter and spring, complemented by high temperatures, had a significant impact on the evolution of the vines. Several difficulties were expected, but we were surprised by the adaptability and impressive resilience of our vines.

The rainfall in early September helped the vines recover and ensured an almost perfect end of maturation, which made it possible to obtain harmonious and complex red wines with ample fruit, that have a firm and very elegant character, and a long finish that fully reflect their terroir.

This wine reflects the character of the schist.

Sophisticated and extremely complex from the beginning, it conveys the full dimensions of the Douro in every drop, offering a full and generous mix of fruity, dense and spicy aromas, with a silky texture, fine tannins and a firm structure, with the desired gravity. A balanced, long and very precise finish.
